EPA Region VII
West Lake Landfill Site
Administrative Record Support Completion Report

B&V Project 044798

October 16, 2015

RECEIVED

SUPERFUND DIVISION

To: Andrew Gieseke, EPA
Brad Vann, EPA

From: Gary Felkner, BVSPC

On August 26 and 27, 2015 Gary Felkner and Curt McCoy from Black & Veatch Special Projects Corp. (BVSPC) performed an onsite review of the Westlake Landfill Site (WLL) Administrative Record (AR) on behalf of EPA Region 7 as part of Task Order 0125, Contract EP-S7-05-06. The WLL AR is being held in the St. Louis County Library (SLCL) system including the Library Headquarters located at 1640 S. Lindbergh, St. Louis, Missouri 63131 and the Bridgeton Trails Branch Library located at 3455 McKelvey Road, Bridgeton, Missouri 63044. The objective of the review was to inventory the materials currently available and evaluate the accessibility of the materials. The results of the review and recommendations were summarized in a Trip Memorandum provided to the EPA September 4, 2015.

The review of the combined materials available at the Library Headquarters and the Bridgeton Trails Branch indicates all materials listed in the WLL AR are present in at least one of the libraries in either hardcopy format, PDF format, or both formats.

Recommendations presented in the Trip Memorandum were completed in October 2015. Index Folders were prepared to store the WLL AR CDs (Appendix A) and mailed to the SLCL Government Documents Librarian. The WLL AR CDs held at the Library Headquarters were placed in the CD Index Folders and forwarded to the public repository at the Bridgeton Trails Branch Library. The hardcopy materials also held at the Library headquarters were forwarded to the Bridgeton Trails Branch Library.

Prior to the onsite review the WLL AR materials were located in two SLCL libraries. The materials are now kept at in the public repository at the Bridgeton Trails Branch Library which allows the community easier access to the materials.

Additional materials that are added to the WLL AR that are to be kept in the public repository at the Bridgeton Trails Branch Library should be submitted to the SLCL by a certain procedure. BVSPC team members interviewed the Government Documents Librarian regarding procedures for receiving, cataloging, and maintaining WLL AR materials. The librarian stated that the procedure for submitting AR materials includes the following steps:
